

# PLAYER DEVELOPMENT

Dear Coach:

1. Hockey Canada Player Development Pyramid was created to provide the coach with a comprehensive guideline to help develop a seasonal plan. The natural progression starting at the base of the triangle emphasizes the development of fundamental skills. Fundamental skills are the foundation of each player's success.
2. As the pyramid is climbed, a greater emphasis is placed on individual tactics; adding the dimension of "hockey sense" to skill development. Once a player has developed the skills of skating and puck handling then the individual tactic of puck control can be learned. The player now understands the "why" of each tactic, i.e. the read and react skills are being developed.
3. Moving up the pyramid, players perform drills that will develop team tactics and systems. The bantam and midget levels of hockey emphasize team performance practices. But even at this program level, time spent on team tactics and team play should not exceed 50-60% of the practice. The coach, through practice must continue to develop the fundamental skills and individual tactics of each player which lead into team tactics and systems of team play.
4. Strategy is the peak of the pyramid. It sets the style of play that will combat the opposition. The coach determines the strategy based upon their own philosophy, the age of the players, and the skill level of the team. As player age and competitive levels increase, game strategies become more complex.
5. The age and skill level of the team defines the seasonal plan. The Hockey Canada Skills Development Programs are based on progressive steps and follow the appropriate allocation of time illustrated in the pyramid.

## Player Development Pyramic

6. The emphasis of Hockey Canada's Initiation Program is on teaching technical skills and individual tactics. This foundation of skills will enhance a player's enjoyment of the game. The Initiation Program recommends player development be built on practicing technical skills 85% and individual tactics 15%.

7. The Hockey Canada Skills Development Program for Novice hockey recommends 75% on technical skills, 15% on individual tactics, and 10% on team tactics.

8. The Atom program recommends 50% technical skills, 20% individual tactics, 15% team tactics, 10% team play, and 5% strategy.

9. The Pee Wee program recommends 45% technical skills, 25% individual tactics, 10% team tactics, 10% team play, and 10% strategy.

10. The Bantam program recommends 40% technical skills, 15% individual tactics, 20% team tactics, 15% team play, and 10% strategy.

11. The Midget program recommends 35% technical skills, 15% individual tactics, 20% team tactics, 15% team play, and 15% strategy.

12. The practice drills in each seasonal plan are designed to provide the coach with a progression of drills to achieve the specific goals of each program as defined by the Player Development Pyramid.

13. Hockey Canada believes a coach must emphasize fundamental skill development during practices. It is the responsibility of each coach to teach these fundamental skills to each player.

14. The seasonal plan for each level in the Hockey Canada Skills Development Program is divided into four phases. This approach provides the coach with an opportunity to evaluate players as per expected outcomes based on the practices and games played to date. Players will develop at an unequal pace. Therefore, it is quite conceivable that individual assessments will be more beneficial. This approach will ensure that each player will receive attention and a direction for future development.

15. Based on player assessment, the coach should plan for the next phase. Practices can be adjusted to emphasize specific drills as outlined in the Hockey Canada Skills Development Program provides these guidelines for you.

16. The Hockey Canada Skills Development Program has been developed for you, the Canadian coach. Now remove the appropriate practice plan from the manual, place it into the protective see through "sleeve" that has been provided, and head off to the rink with confidence and enthusiasm.

Good luck Coach, have a great season!

Hockey Canada
