

Important Changes to House League (Novice to Bantam)

For the 2017/2018 season, we are changing the structure of our house league for the Novice, Atom, Pee wee, & Bantam divisions.

Our season will now consist of the following:

- 1) Base House League - \$525 per player (early bird, price changes August 1st)**
 - a. 20 games
 - b. 10 practices
 - c. Season will begin September 23/24th and conclude by March 24/25th
 - d. There will be 2 ice-times per weekend, and some weekends teams will have 2 games instead of a game and a practice.
 - e. There will be no outside development in the base house league.
- 2) Outside Development**
 - a. We are separating the outside development into 5 separate sessions
 - b. The 5-session package will be an additional \$80 and will be run by Pro Tech Hockey.
 - c. Our goal is to have this completed prior to DS try-outs, as this will give DS coaches an opportunity to view the players that are interested in further development.
- 3) Tournament Teams**
 - a. We will be creating tournament teams based on a first-come, first-served basis, (we will create as many teams as we can fill).
 - b. This is NOT based on try-outs and is separate from our DS program; anyone in house league is eligible to sign up.
 - c. Teams will have 16 players, and will play in the Milton, Oakville, and Cambridge tournaments (house league will not run on those weekends).
 - d. Players will receive a separate team jersey, and cost will be approximately \$270/player (tournament costs haven't been released yet).
